May 10, 2005

I am pleased to inform you that **Fridley Roofing**, of Ramsey, Minnesota has achieved Duro-Last's highest honor for quality of installation of our roof systems.

"Master Contractor"

is issued to Fridley Roofing in recognition of their Outstanding Achievements in Quality Workmanship, Customer Satisfaction and Goals achieved.

Fridley Roofing also achieved our **"Century Club"** award. This award is given for sales volume in excess of \$100,000 within the year.

Duro-Last Roofing, Inc is the pioneer and the nation's largest manufacturer of custom prefabricated roofing systems with over 1 billion square feet of in-place roof installations. Headquartered in Saginaw, Michigan with factories in Mississippi, Iowa and Oregon, Duro-Last has been owned by one entity since its inception in 1978.

Duro-Last fabricates 80-85% of the field seams under ideal, quality-controlled conditions. Duro-Last also custom manufactures the "critical" flashings, including stacks, drains, parapets, curbs and scuppers, a method which renders other roofing systems obsolete.

Every commercial installation is inspected by a Duro-Last Technical Representative. A 15-year warranty is then given, at no cost, to the building owner.

If you should have any questions or should need further information, please contact me at our Michigan office.

Sincerely,

A handwritten signature in black ink that reads "James W. Miller". The signature is written in a cursive style.

James W Miller
Duro-Last Roofing, Inc.
